Terry Pettit
Head Coach * 15th Year
442-106 at Nebraska * 489-123 Career

One of the nation's premier collegiate volleyball coaches, Nebraska head coach Terry Pettit begins his 15th season as the Husker mentor with a 442-106 record, a .807 winning percentage. Last season, Pettit guided his team to an unprecedented 15th consecutive Big Eight Conference championship and was named the conference's Coach-of-the-Year, an honor he has received seven times. During the 1990 season, the Huskers registered a 32-3 record, their eighth consecutive NCAA tournament appearance, a third trip to the NCAA Final Four in a five year span, and a third-place national finish.

In 1989, he was named the American Volleyball Coaches Association Midwest Region Coach-of-the-Year, marking the third time he has garnered that prestigious honor. In 1986, when he guided Nebraska to its first NCAA Final Four appearance and a runner-up finish, he was honored as the AVCA National Coach-of-the-Year.

Pettit, a 1968 graduate of Manchester (Ind.) College, is in his 18th year of collegiate coaching, serving 14 at Nebraska and three at Louisburg (N.C.) College. Pettit posted his 450th career victory and his 400th at Nebraska during the 1989 campaign, and looks for his 450th at Nebraska and 500th career this season. During the last nine seasons, his Nebraska teams have maintained 110 consecutive weeks of AVCA or NCAA Top 20 rankings, 98 of which have been in the Top 10.

In Pettit's 14 years with the Huskers, he has trained 16 All-Americans, 10 GTE Academic All-Americans, three GTE Academic All-Americans-of-the-Year, two Olympians, a Honda/Broderick Award winner, two Big Eight Conference Female Athletes-of-the-Year, and 61 All-Big Eight selections.

In 1989, he was the head coach of the U. S. National women's "B" team, one of many in a long list of national coaching assignments. He has served as guest speaker at many local, regional and national functions, including the 1984, 1987 and 1989 American Volleyball Coaches Association National Conventions.

1991 HUSKER VOLLEYBALL SEASON OUTLOOK

"The Tradition Continues" is not just a slogan for the 1991 Nebraska volleyball team...it's a fact. Nebraska, under the direction of head coach Terry Pettit, has won 15-consecutive Big Eight Conference Championships, eight straight NCAA tournament appearances, three NCAA Final Four appearances, and a 442-106 Nebraska record for a .807 winning percentage. Last Season NU set a national record with a 3,031 average attendance in 1990 figure.

The 1991 Huskers have five returning starters from last season's team, which finished with a 32-3 record and a third-place finish at the NCAA tournament. Coach Pettit said, "I think that you need at least eight or nine players to compete for a national championship. In our starting six this year, we are going to have five very experienced and good volleyball players. My concern is with positions six, seven and eight. Becky Bolli was as effective a back row player as there was in the country last year, and Linda Barsness was one of the best attackers coming off the bench. Those roles are going to be difficult to fill, and in many ways, are at least as important, if not more important than losing a starter."

The starter gone from last season is two-time All-America setter Val Novak.

Pettit said, "I think we have two exceptional athletes who will compete for that position, in **Nikki Stricker** (a 1990 starter at middle blocker) and freshman **Christy Johnson**. Nikki and Christy have tremendous potential and will motivate each other to a higher level of play. They will also allow us to explore the possibility of using a two-setter system. Whichever one is not the starting setter will find a way to make a significant contribution to the team."

The other returning starters include **Janet Kruse**, **Cris Hall**, **Eileen Shannon**, and **Stephanie Thater**. Pettit said, "Janet and Stephanie are All-Americans, Cris had an All-American year and Eileen led the team in kills as a freshman and was second as a sophomore. The question for us is who is going to fill the middle blocker position opposite Stephanie. We have lots of options. Cris Hall could do it or it could be any one of three

freshmen, **Rachel Errthum**, **Kim Tonniges** or **Peggy Meyer**. If Cris plays middle blocker, **Laura Luther**, or **Debbie Brand** could take one of the outside hitter positions. I really won't have any idea until after fall camp as to which one...but I suspect that out of that group one will emerge as a very strong player."

Looking at the foundation of this season's team, Pettit said, "We return a very dynamic and experienced core group of players. But the real key to having a very consistent season and developing into a great team, will be the development of the team's depth to complement the returning starters."

Not only is Nebraska blessed with a solid group of experienced players, but Pettit feels that the leadership from the players will be an obvious strength. "Janet Kruse, who has started for three years and is the most

consistent player we have had at Nebraska. A lot of her leadership is verbal, supportive and her ability to recognize what needs to happen in certain situations. Cris Hall leads in a different manner. She leads with her performance and physical presence. I believe that Nikki and Christy are both natural leaders. I also think that other people on the team will lead in quieter, but no less important ways. Stephanie and Eileen will provide leadership, just in the fact that they

have played so many matches against good teams."

Nebraska by positions: Pettit said, "In the setter position, we have potentially the two best setters we have had here at one time. Both Nikki and Christy are the type of people that will make a team successful. As a coach that spends a lot of time working with setters, it is exciting to have so much talent at that position."

At the middle blocker position, Nebraska returns one of the best in Stephanie Thater. Pettit said, "Stephanie is an elite player. She has the potential to become as good at her position as anyone in the country. I think we will be better at this position, because the other middle blocker will be physically bigger than last year and we will have more depth. We have enough people so that whoever plays opposite Stephanie's spot will be very good."

Three of the best outside hitters in the country,

Kruse, Hall and Shannon, will again make life uncomfortable for opponents. Along with Luther and Brand and Pettit feels the outside hitter position is very strong. "I'm not sure any team in the country has a group that can compare with our outside hitters," Pettit said.

The defensive specialist position, which was played so effectively by Becky Bolli for four seasons, will be difficult to fill quickly. Pettit said, "Of the six freshmen coming in, four have jump serves. I'm hoping one of the freshmen develops consistency as the season progresses. **Tami Thompson** and **Kelly Aspergren** have good jump serves and were recruited with that in mind. Johnson and Errthum also have jump serves.

Again this season, like in the past, Nebraska has assembled an outstanding schedule of opponents, including 1990 NCAA champion UCLA, and NCAA tournament participants Kentucky, Wisconsin, Wyoming, Texas, New Mexico, Texas Tech, Brigham Young, Maryland, Pacific and Illinois. "I think the non-conference schedule will prepare us for our conference season and the NCAA tournament."

The Big Eight Conference this season looks to be improved but just how much remains to be seen. Pettit said, "It is hard for me to say how much stronger the Big Eight will be this year. Nebraska, Colorado, Oklahoma, Iowa State and Kansas are all good teams. With only four qualifying for Big Eight Tournament, one strong team isn't going to make it."

The home of Husker volleyball this fall will be the Bob Devaney Sports Center while the NU Coliseum undergoes renovation. Pettit thinks that it is a good opportunity for the Huskers. "It is an excellent facility and I know our team will play well there," said Pettit. And it will give us the opportunity to set some attendance records. Something may be said for the fact that it lacks the intimacy of the Coliseum, but it is probably the best alternative in the country. I don't know many coaches in the country that would complain about playing in an arena that seats 14,000 and the possibilities of leading the nation in attendance for a second straight year. There are some inconveniences, but those are the small sacrifices we make to end up with one of the best volleyball facilities in the country when the remodeling of the NU Coliseum is completed this spring."

Pettit said, "It really comes down to the fact that there are about five or six teams that have a legitimate chance to win the national championship. Our No. 1 concern is health. We have got to be healthy going into the NCAA tournament. We have a plan and we have the exceptional student-athletes that are committed to that plan. It's going to be a great year."

The Future "Husker House"

In 1992, the new-and-improved NU Coliseum will become one of the premier volleyball arenas in the country. The facility will be upgraded to seat 5,000 fans, with the addition of a new locker room, study lounge, coaches' office, press room, playing surface, lights, and air conditioning. The facility may be changing, but the intimacy, the facade and all the other positive things will remain and it will continue to be a great place to play and watch great Husker volleyball for years to come.

NU Athletic Director Bob Devaney congratulates Coach Pettit following the Huskers' NCAA Mid-east Regional Tournament Championship victory.

NEBRASKA WOMEN'S ATHLETICS - EXCELLENCE AND TRADITION

It may or may not come as a surprise, that the university recognized as having one of the most dominating football program in the 1970's and 1980's, is also the proud home of one of the most stable and dominating women's athletic programs in the country.

Excellence and tradition, synonymous with Husker football, has also become the trademark of the University of Nebraska Women's Athletic programs. In its 16-years of Big Eight Conference competition, Nebraska has won 67 of the 156 league championships it has competed in for an outstanding 43-percent mark. During the last 10 seasons, Nebraska has captured 52 conference crowns, including a continued 15-year domination has in volleyball, as the league's only champion. Both the indoor and outdoor track and field teams have won 12 consecutive championships, while the gymnastics and swimming and diving teams have totaled nine and five, respectively.

In the 1990-91 season, four University of Nebraska teams captured Big Eight Conference Championships, claiming titles in volleyball, swimming and diving, and both indoor and outdoor track and field. The volleyball and the outdoor track and field teams each finished third at the NCAA Championships, while the indoor track and field team was fourth and the swimming and diving team placed 28th.

During Nebraska Big Eight Conference history, the Huskers have won more than twice the championships as any other school and more than any two institutions combined. Nebraska is also the only Big Eight Conference school to have captured at least one championship in each of the 10 conference-sponsored programs.

UNIVERSITY OF NEBRASKA

Founded in February, 1869, the University of Nebraska is located in the "All-American City" of Lincoln, Neb., and boasts over 100 years of academic and athletic excellence.

Nebraska has an enrollment of 24,000 students, coming to Lincoln for their education from all 50 states and 100 foreign countries. The University offers educational studies in over 100 major areas in its eight undergraduate colleges and colleges of law and dentistry.

Athletically, NU is proud of the opportunities offered to its students, with 21 men's and women's intercollegiate sports and 35 different intramural programs.

Along with the outstanding academic and athletic programs, the University of Nebraska has 200 recognized student clubs and organizations on campus ranging from cultural to music to career encounters.

The University offers its students some of the finest facilities in the nation including Memorial Stadium, Bob Devaney Sports Center, Sapp Recreation Center, Sheldon Art Museum, Kimball Recital Hall, Mueller Planetarium, State Historical Museum, Lied Performing Arts Center and the Cook Pavilion.

Contributing to the popularity of the University of Nebraska is the community in which the institution is located. Lincoln is a friendly city and has received the distinguished honor of being rated as the "Most Livable City" in the nation. Home of the State Capitol, Lincoln features an outstanding shopping district and a relaxed atmosphere.

Recreation is an area in which Lincoln excels with five public golf courses, several private courses, a dozen parks and gardens, two zoos, the State Fairgrounds, and several museums, art galleries, auditorium and sports complexes.

In a metropolitan population approaching 200,000, the UNL campus is centered in the heart of the city. The UNL campus adjacent to the downtown area and the people of Lincoln have been working hand-in-hand for generations to make and keep Lincoln the "Most Livable City."

With its central location in the United States and its great facilities, Lincoln has been selected to host many of the country's top special events, such as the NCAA Gymnastics Championships, Junior Olympics Track and Field Championships, many Big Eight Conference Championships and many, many national conferences and business conventions.

The combination of dedicated faculty, outstanding facilities and varied extra-curricular programs makes the University of Nebraska an institution that offers its students a well-rounded educational experience.

ATHLETIC AND ACADEMIC EXCELLENCE

The University of Nebraska is proud to introduce the nation's premier academic center for student-athletes. A \$1.1 million expansion and renovation project has produced a 21,000 square-foot facility that can accommodate up to 600 students in a convenient and comfortable environment. The new center includes an expanded study area, a private computer lab featuring 25 computers, individualized study, a career counseling center, a film room and also the men's and women's dining area.

HUSKER ACADEMICS -- EASING THE TRANSITION

Dr. Rogers Grooters and his professional staff offer many valuable services within the Academi Counseling program, designed to help student-athletes achieve academic and professional success.

The transition from high school to college is a major adjustment. Most student-athletes will be leaving home for the first time. This separation, coupled with being challenged more than ever athletically, makes strong academic support imperative. The academic programs at NU have been designed to help the athlete achieve academic success and be prepared for a successful future.

Nebraska is frequently referred to as the "pioneer" of academic-counseling. The programs include sound educational components, personal support and innovative programs, such as career counseling. As all athletes aspire to achieve All-America honors in their respective sports, Nebraska academics offers the opportunity to develop into an Academic All-American.

NEBRASKA ACADEMIC COUNSELING PROGRAM

-A SUMMARY OF SUPPORT SERVICES-

ORIENTATION: The new student-athlete orientation consists of informative sessions designed to assist with the transition from high school to college.

STUDY PROGRAMS: All incoming student-athletes are required to complete eight hours of study time per week. The study program is very flexible and also allows the students to meet with tutors and use the computers.

TUTORIAL SUPPORT: The tutorial program at Nebraska helps achieve academic success. Tutorial support is very important as a freshman and is utilized by all students, including those who do "A" work and those striving for "A" work.

SUBJECT TUTOR: A subject tutor provides specific course guidance in either one-on-one sessions or group review sessions. It is possible to have a subject tutor for all of one's courses.

MENTOR TUTOR: A mentor tutor is typically an upperclass or graduate student who assists in developing sound time management and study skills. They also provide personal counseling.

CAREER COUNSELING: The career counseling program at Nebraska helps student-athletes identify majors and prepare for realistic career opportunities upon graduation.

SIGI PLUS: Sigi is a computerized career exploration program which conducts a thorough self-assessment and then recommends relevant career choices.

COMPUTER SUPPORT: The Academic Counseling Unit provides one of the most extensive computer support facilities for student-athletes. The new computer lab houses 25 terminals which are highly accessible to any student-athlete.

DEGREE AUDIT SERVICE: Degree audits are completed on all student-athletes to make sure sufficient progress is being made toward degree completion and graduation. The degree audit specialist will assist in the advising process and make certain student-athletes are satisfying the 30-hour rule, initiated to insure that a minimum of 30 hours of study are completed per year.

HUSKER STRENGTH COMPLEX

In January 1990, the University of Nebraska Strength Complex unveiled a new \$1.7 million facility that is second to none in the United States. The new 17,000-foot expansion project turned the Husker weightroom facility into the largest in the world. The 30,000 square-foot area contains several impressive additions and advantages.

Separate aerobic rooms provide emphasis on conditioning with the latest in hi-tech equipment. Eagle Cybex equipment is available for modified workout programs and injury rehabilitation.

The strength complex is connected to the Hewitt Academic Center for student-athletes by two hallways that run the entire length of the West Stadium, featuring a glass wall for viewing over 40 yards long.

The student-athlete has an advantage in the new facility, because it provides separate areas for different parts of the athlete's body, to individualize the athlete's strength training. The Husker Strength Complex is under the direction of Boyd Epley.

Lincoln, Nebraska All-American City Most Livable City

Lincoln, Nebraska today, takes nationwide leadership with two honors: "All-American City" and "Most Livable City," and when two different sources arrive at the same conclusion, it is time to take notice.

The Center for Applied Urban Research concluded from an extensive survey of the nation's 100 most heavily populated centers that Lincoln, is the most livable, with the highest number of desirable characteristics including economics, environment, education and recreation.

According to the National Municipal League, Lincoln has also been honored, on the basis of citizen and government participation, as an All-American City.

With a population nearing 200,000, the City of Lincoln is the seat of the state government, and its skyline is dominated by the impressive State Capitol Building which houses the unique Unicameral, one-house legislative body.

Featuring outstanding shopping facilities in Lincoln Center, which includes many varieties of stores and restaurants, plus the addition of several shopping malls surrounding the city, Lincoln offers the consumer a varied assortment from the necessities to luxuries.

Recreation is another area in which Lincoln excels, with five public golf courses, several private country clubs, over a dozen beautiful parks and gardens, two zoos, plus over a dozen museums, auditoriums, art galleries, stadiums and sports complexes, including the State Fair grounds, Bob Devaney Sports Center, Pershing Auditorium and Children's Zoo.

With its central location in the United States and its great facilities, Lincoln has been selected to host many of the country's top special events, such as the NCAA National Gymnastics Championships, Junior Olympics Track and Field Championships, plus many, many national conventions and business conventions.

The University of Nebraska is located just a few blocks from the downtown area, in the heart of the city, and the students and people of Lincoln have been working hand-in-hand for generations to make and keep Lincoln the "Most Livable City" and an "All-American City"...which makes it a great place to go to college.

Thanks to the Lincoln Chamber of Commerce and the Lincoln Convention and Visitors Bureau.

Stephanie Thater, Val Novak and Janet Kruse celebrate scoring match-point in a Husker win against Big Eight foe, Kansas State.

Bob Devaney

Athletic Director

Bob Devaney continues to lead the Nebraska Athletic Department with the same vigor, enthusiasm and administrative excellence that marked him as one of America's greatest football coaches during his colorful gridiron career.

Devaney is in his 30th year of providing drive, leadership and pride in the Cornhusker athletic program. He arrived in 1962, charged with the mission of building a successful football program, and he succeeded far beyond anyone's expectations. During an 11-year stint as Husker football coach, Devaney's teams won 101, lost only 20 and tied two for a winning percentage of .829. His career mark of 136-30-7 for an .806 ranked him as the winningest coach in the nation at the time of his retirement in 1973. Devaney's teams won eight Big Eight Conference titles and two national championships during the 1962-72 span, with his teams going to nine bowl games. He twice won four consecutive Big Eight titles.

Since becoming athletic director in 1967, Devaney has brought the same success to the overall Husker athletic program that he brought to the football program. Under his leadership, Nebraska annually sets the pace in the Big Eight Conference all-sports race with solid entries in all men's and women's sports.

Under Devaney's guidance, Memorial Stadium has been enlarged, artificial turf has been installed and replaced three times, a Stadium Office building was constructed, and sports facilities such as the Otto and Gladys Baumann Baseball Complex, Buck Beltzer Stadium, Ed Weir Track, a new indoor practice facility, and the women's softball complex have come into being.

It was Devaney's leadership, working in conjunction with the Nebraska Legislature, that resulted in the passage of a cigarette tax to provide funds for a new athletic complex, the basketball arena-indoor track-swimming and other sports building which opened on the State Fair Grounds in 1976. University of Nebraska Regents recognized Devaney's contributions to that four-and-a-half-acre structure by naming it the Bob Devaney Sports Center in 1978.

A graduate of Alma (Michigan) College in 1939, Devaney served as a high school coach at Big Beaver, Keego Harbor, Saginaw and Alpena in Michigan before joining Biggie Munn and Duffy Daugherty at Michigan State. In 1957, he became head coach at Wyoming where his teams posted a 35-10-5 record.

Dr. Barbara A. Hibner Assistant Athletic Director In Charge of Women's Sports

Dr. Barbara A. Hibner begins her 13th year at Nebraska and is the primary women's administrator for the Huskers.

She is a native of Gettysburg, Pa., and earned her B.S. degree from Penn State University of 1964. She continued her education at the State University of New York at Cortland, receiving her M.S. de-

gree in 1970 and at Texas Women's University, earning her Ph.D. in psychology of motor learning and administration in 1977.

Her duties at NU include the daily operations of the women's intercollegiate sports programs. As an experienced administrator, teacher and coach, she demonstrates both the leadership and administrative "know how" which has contributed to the success of the women's programs.

Dr. Hibner is a member of the National Association for Collegiate Directors of Athletics, the Council of Collegiate Women's Athletic Administrators, the National Association of Athletic Marketing and Development, and the Lincoln chapter of the Administrative Management Society. She has served on the Board of Directors of the University of Nebraska Federal Credit Union, is a past president of the NU Association for Administrative Development, and the chairperson for the National Collegiate Athletic Association's National Softball Committee.

Terry L. Beek Assistant Sports Information Director Women's Sports Information Director

Terry L. Beek begins his 12th year at the University of Nebraska as an Assistant Sports Information Director and the Women's Sports Information Director.

During his 11 years at NU, he has earned recognition for several of his publications by the College Sports Information Directors of America (CoSIDA), including two Best In The Nation certificates. A member of CoSIDA, Beek serves as the National Coordinator for both the women's basketball and softball GTE Academic All-America programs. He is a member of the National Basketball Writers Association and the National Sportswriters and Sportscasters Association.

Beek is a native of Ballston Spa, N.Y., and earned his A.A. degree from Hudson Valley Community College (N.Y.) and his B.A. from Central University of Iowa in 1973. Prior to joining the Husker athletic staff, he served as the SID at Central and at Plymouth State College (N.H.).

He is married to the former Karen S. DeYong of Lincoln and the couple has two children, Allyss, 11, and Ashtyn, 8.

MESSAGE TO THE MEDIA

All requests for passes for working press, radio, television and photography must be directed to Beek at the Sports Information Office, 116 South Stadium, Lincoln, Neb. 68588-0123. Media passes which cannot be mailed in advance are held at the willcall window, under the ramp on the south side of the Bob Devaney Sports Center.

All media and photographers must have a press pass to occupy these areas. Non-working press and scouts are allowed in the press area if room permits, but a seat assignment request must be made in advance.

Post-match interviews with the coaches and players are conducted on the court, following a 10-minute cooling-off period, should the staff request. Press members are reminded that Nebraska policy prohibits media access to the locker room at any time.

Press facilities are located just off the arena level to the southeast. Telephones are provided on a first-come, first-serve basis, with collect or credit card access. Complete post-game statistical packets, including NCAA box and play-by-play, may be picked up in the press room following each match.
